

Introducing

Michelle Florimo

Holistic Approach Family Day Care Operations Manager

My role at HAFDC is Operations Manager. I oversee all Consultants, Administration and Educators, and look after the business needs. I help look after all matters that arise with the Department of Education across all states, all the budgeting and financial requirements of the business, and work closely with our CEO and State Managers.

I love working with such a diverse team. A team that brings so many different strengths and capabilities to the table. HAFDC works hard to value and foster these different qualities in people and I love that as an organisation we can truly invest in everyone's differences.

My goals for HAFDC are to continue to work towards a paperless system – a company that is more sustainable and focused on reducing our carbon footprint. Another goal for HAFDC is to continue to foster relationships and build a cohesive and strong team.

My favourite event on the calendar is our National Conference. I love seeing all our Educators, Administration, Consultants and Management come together for a weekend of networking, collaboration and learning.

I have been studying full time for the past 2.5 years and have almost finished my Bachelor of Business (only 2 months to go)!

I am married and have 2 beautiful children - Emma aged 12, and Bailey aged 8. Our family are involved in a lot of sport. I spend a lot of my weekends watching my children play sports such as soccer, netball and water polo. I also play indoor netball.

I believe I have a great attitude towards work and a strong work ethic. I always try to go above and beyond to meet the needs of our Educators, staff and the company as a whole.
